Best Practice: 2

Title: 'Empowered, Participative and Transparent Governance through Institutional Management Software'.

The context:

The institute karm. R.S.Wagh Education & Health Sanstha's and Arts, Commerce and Science College, Rajaramnagar is situated in Dindori Tehsil which is declared as aural and tribal region. Most of the students are first generation students. Therefore in order to bring the student into the mainstream of higher education the user friendly and simple admission process is required. Previously students visit the college, enquire verbally and then decide about admission. The process was complicated, time consuming and confusing. Also once the students were admitted the students database was distributed at different functional units which cause inconsistency and sometimes very inaccurate. Further in order to give I –Cards and various certificates, report there is lot of delay and inconvenience. In order to have Effective and End-to-End e-Campus Management our institute decided to

implement ERP Management software. So that these problems will be solved and data was maintained forever.

Objectives:

1. To make the admission process more efficient and user friendly and also to maintain the records.
2. To ensure confidentiality and to reduce man power.
3. To facilitate quick retrieval of students' databases.
4. To maintain transparency in all financial matters.
5. The goal of the ERP software is to automate all the administrative procedures related to Academics, Student Management, Staff Management, Library Management, and Collect and Store all there quired data in a centralized manner for easy retrieval.
6. The major objective behind implementing the ERP system is to move towards a paperless office at institute and to improve the overall productivity.

The practice:

This practice was introduced during October 2011 with the above stated goals. Because of this the institution witnessed a paradigm shift in the efficiency of the academic activities within a short span. The ERP software is hosted with role based access, both on the internet and intranet for easy access from anywhere. According to this software, the portal for registration for online admission opens in June/July.

Primary registration was done by the students by uploading supporting documents. According to merit, the students are called for the admissions through mails, SMS.

The main feature of this System is the ease of access to information regarding status of each and every student to all academic stakeholders including Principal, Heads of Departments, Faculty, Tutors, and Class Advisors, Chairpersons of Class Committees, Officials at the Administrative Office, Library Staff, Parents and Students.

The administrative staffs easily provide certificates required for educational purposes. For example Bonafide Certificate, Transfer Certificate, Character Certificate, Mother-Tongue Certificate, Attempt Certificate, Leaving Certificate can be generated by simply giving one click.

The class teachers can generate and/or Export in Excel format, the following reports right from anywhere anytime:

Admission reports such as roll call list, category wise, gender wise, caste wise etc. are easily retrieved. Further University / Internal Assessment records, Test Results and its Analysis (summary, category wise result, Range of marks, subject wise failure details, No. of ranks, etc.) can be done easily and shown graphically also.

The predominant facility of the ERP system is information dissemination by all stakeholders. However, tonsure confidentiality and maintain integrity, role-based access controls have been provided. The Principal has access to all the modules of the software. The HODs can view details of all students in their departments. The Faculty members can view details of all students in the class for the courses Handled by them (both theory / laboratory).

This software is developed by it soft Developers especially for ERP. “e-Campus Education Hub” has operated in our institute since 2007.

Evidence of Success:

Enormous amount of time and effort is saved by using the ERP system because of the availability of their quire data at all times. The faculty are able to spare the saved time in other productive activities. Students and all stakeholders feel comfortable with the system. The linking between admission, fees payment, academic courses, departments, and placement and examination modules of the ERP prevents unnecessary data entry, removes redundant data entry and results in saving of effort and increases accuracy of data. Management is able to get the data on all activities of the college on a real time basis from anywhere which helps in the decision making process. During the admission process entry of unauthorized persons has been restricted in the campus. Duplicate receipt/I-card/ TC/Migration certificate/mark sheet can be easily issued to the needy person. Students' general register is maintained forever.

Resources required:

ERP Software and License

High Speed Internet Connectivity

Server and UPS

Trained man power who can resolve technical issues

IT friendly end users.

Problems encountered

1. Institute received excellent support from the vendor of the ERP software Mr. Subhash Erande. Uptill now not a major problem has been

encountered, but if there are small issues regarding working of the software they are resolved by the vendor immediately.

2. Once the financial data is furnished the college administrator cannot edit or refurnish the financial data at institute level.

3. If by mistake some data is deleted from the software, the data cannot be retrieved at institute level.

4. For smooth working it requires high internet speed.

Scholarship: DBT Dashboard

The screenshot shows the login page of the DBT Dashboard. The header includes the 'आपले सरकार' (Aaple Sarkar) logo and the 'महाDBT' (MahadBT) logo. The navigation bar contains links for 'How to Apply Online?', 'Benefit Schemes', 'Post Matric Scholarship', 'Pre Matric Scholarship', 'Pension Schemes', 'Farmer Schemes', 'Labour Schemes', and 'Special Schemes'. The main content area is titled 'Application Acceptance (New/Ren)' and features a 'Login' section with fields for 'Enter UserName' and 'Enter Password'. A 'Refresh' button is next to the password field. Below the login fields are buttons for 'Login Here', 'Forgot Password', and 'Forgot Username'. To the right of the login fields is a 'Instructions' box with a list of steps: 1. Enter your registered username, 2. Enter your Password, 3. Enter the security text shown in the image, 4. After confirm login password and security text click on 'Login Here' button for login, 5. Click on 'Forgot Password', if you forgot your password entered while registration, 6. Click on 'Forgot Username', if you forgot your Username entered while registration. On the right side of the page, there is a sidebar with links: 'New Applicant Registration', 'Applicant Login', 'Find Eligible Schemes', 'Institute / Dept / DDO Login', 'Grievance / Suggestions', 'User Manuals', 'Help file for Online Application Process', 'Pop Up Blocker Guidance', 'Forgot Password', 'Forgot Username', and 'Aadhaar seeding with NPD mapping form'. On the left side, there are links for 'Guidelines for Aadhaar linking to bank account', 'Guidelines on Undisbursement Benefit', 'Guidelines for Courses Not Visible, Missing', and a 'Notice' section with a red alert: 'Application Acceptance (New/Renewal) for A.Y. 22-23 has been commenced. Last date for Application Acceptance (New/Renewal) for A.Y. 22-23 is 31st July 2023.'

Scholarship: DBT Dashboard

The screenshot shows the 'Institute Disbursement Report' page of the DBT Dashboard. The header includes the 'आपले सरकार' (Aaple Sarkar) logo and the 'महाDBT' (MahadBT) logo. The navigation bar contains links for 'Home', 'Scrutiny', 'Reports', 'Institute', and 'Grievance/Support'. The main content area is titled 'Institute Disbursement Report' and features a sidebar with links: 'Home', 'Scrutiny', 'Reports', 'DBT Dashboard', 'Allotment Date Wise Report', 'Institute Disbursement Report', 'Student Disbursement Report', 'Status wise Application Detail Report', 'Institute', 'Institute Profile', 'Update Aadhaar Details', 'Notifications', 'Deactive Duplicate Aadhaar Profile', 'Fee Correction Request', and 'Grievance/Support'. The main content area has a 'Department Name' dropdown set to 'All Departments', a 'Scheme Name' dropdown set to 'All Schemes', an 'Installment' dropdown set to '1st Installment', and a 'Financial Year' dropdown set to '2020-2021'. Below these dropdowns are buttons for 'Get DBT Data' and 'Export to XLS'. The table below shows the disbursement data for the selected filters.
